

The International Conference For Nanotechnology Industries

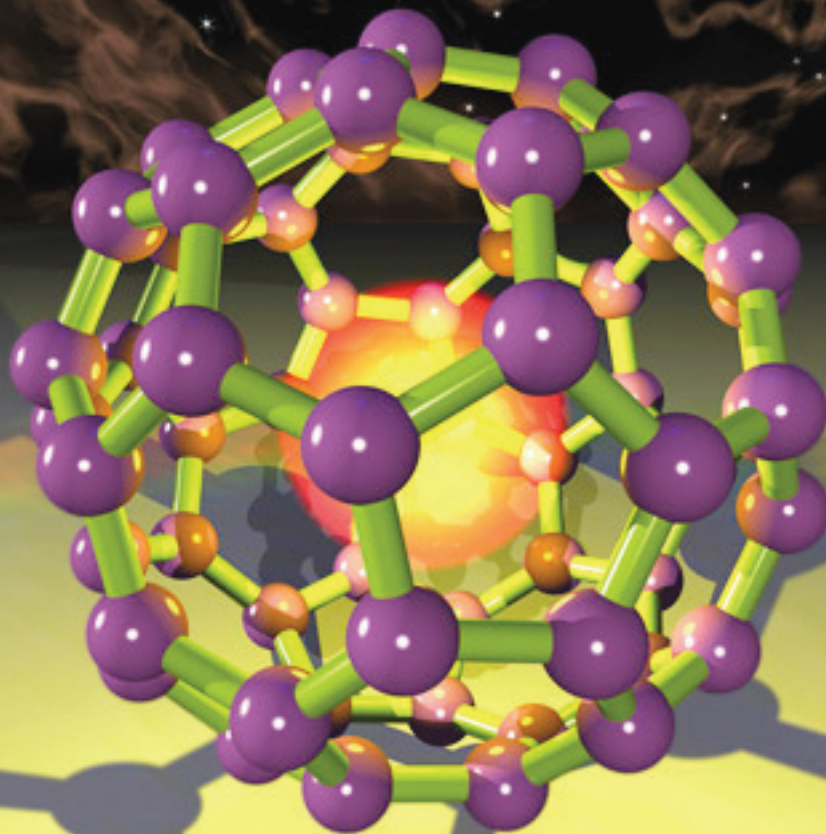

The Leading Technology of 21st Century

المؤتمر العالمي لصناعات تقنية النانو
The International Conference For
Nanotechnology Industries

King Abdullah Institute for Nanotechnology

April 5-7 - 2009
King Saud University
Riyadh – Saudi Arabia

First Circular

The International Conference For
Nanotechnology Industries
King Abdullah Institute for Nano-
technology

The Conference

The past two decades have witnessed a tremendous progress in the field of nanoscience and nanotechnology. The conference will focus on nanoscale material and structure, self-assembly and growth on surfaces, nanooptics and nanophotonics, nanoelectronics and NEMS, nanobiology and nanomedicine, computation and modeling, nanometrology. You are cordially invited to attend the International Conference For Nanotechnology Industries: The Leading Technology of 21st Century. We are looking forward to meeting you in Riyadh in 2009

Topics

- Nanoparticles and Quantum dots.
- Nanowires , Nanotubes and Carbon Nanotubes.
- Thin film. Nanocomposite. Nanocoating.
- Nanobiotechnology (drug delivery , nanomedicine , nanobioimaging , DNA-based , nanotechnology)
- Nanoscale, computation & modeling.
- Nanolithography and Nanofabrication.
- Application of Nanotechnology in :
 1. Water treatment.
 2. Environment.
 3. Energy.
 4. Electronics and Optoelectronics.
- Educational & Training Aspects of Nanoscience.
- Role of nanotechnology in advancing knowledge-based economy.

Call for abstracts

We would like to request all those wishing to contribute to the conference to submit an abstract of their contribution. The Abstract should include the title, authors and e-mail address as well as an abstract text of no more than 250 words. The abstracts should be prepared in English language as MS word document, using font 12 Times New Roman, single spacing. If the presenting author is not the corresponding author, please mark the corresponding author with an asterisk*.

The book of Abstracts will be handed out to all registered participants during conference registration.

Submission guidelines

Please direct the paper submission (complete and final draft) to:

Poster session

Poster session will be on display during the whole conference.
Poster size: 125 × 150 cm
Material to fix posters will be available at the conference secretariat.

Exhibitions

A room for the exhibition of instruments, reagents, software, books, etc., will be available. This will provide an opportunity for companies, organizations and publishers to display and demonstrate their activities and equipments. Also, the exhibition will provide a good chance for the participants to exchange information and ideas in different scientific disciplines.

Advertisement

Space will be available in the exhibition guide and final conference program. For further details, please contact the conference chairman
E-mail: Nanoksa1@ksu.edu.sa

Proceeding

The conference proceeding will be published by King Saud University Academic press.

Accommodation

Hotels are available at reasonable rate near to the Conference Venue. Booking of hotels will be made with prior request.

Transportation

All participants will be met at King Khalid International Airport. Therefore, all participants should inform the organizing committee of their travel plans. Bus transportation from the airport to King Saud University will be scheduled by the organizing committee for groups according to the arrival times. The distance of 50 km on the motorway from the airport to the university is covered for about thirty minutes .

Keynote Speakers

Some names who will be
at the conference:

1- Prof. Dr. Christoph Gerber

Director of scientific communication
NCCR National Center of Competence for Nanoscience
Institute of Physics Univ. of Basel
Kingelbergstrasse 82
4056 Basel- Switzerland

2- Dr. Eng. Hiroshi Yokoyama

Nanotechnology Research Institute
National Institute of Advanced Industrial Science Technology (AIST)
1-1-1 Umezono, Tsukuba, Ibraki 305-8568- Japan
Tsukuba Central No. 2 M404

3- Prof. Dr. Chun-Li Bai

Institute of Chemistry
The Chinese Academy of Science, Beijing 10060, China

4- Prof. Richard A. Williams

Pro Vice Chancellor
Director of Nanomanufacturing Institute
The University of Leeds- Leeds LS2 9JT- England

5- Prof. Andrew WEE

Dean, Faculty of Science
National University of Singapore
Block S16, Level 9, 6 Science Drive 2,
Singapore 117546

Important Dates:

- Abstract Submission deadline Jan.7,2009
- Full Paper Submission deadline Mar.7, 2009
- Registration deadline Mar. 15,2009
